

## 1000 Series™ and 2000 Series™ Overhaul

**Revision Date:** December 4, 2025

| Recommended Parts Stocking List |          |                                          |
|---------------------------------|----------|------------------------------------------|
| Part Number                     | Quantity | Description                              |
| 29539579                        | 20       | FILTER - CONTROL MAIN                    |
| 29542976                        | 8        | O-RING-CUSTOM, VITON, SOLENOID           |
| 29535518                        | 8        | O-RING-CUSTOM, VITON                     |
| 23043446                        | 6        | O-RING-UDN-904, VITON                    |
| 23049056                        | 6        | BOLT-LARGE HEX FLANGE, M10 X 1.5, 15     |
| 29537507                        | 6        | BOLT-HEAVY FLANGED HEX, M8 X 1.25, 20    |
| 29536408                        | 6        | SENSOR ASSEMBLY-SPEED                    |
| 29536988                        | 6        | COVER-SHIPPIING, SPEED SENSOR YELLOW     |
| 29503382                        | 4        | O-RING-UDN-015, VITON                    |
| 29537805                        | 2        | KIT-TRANSMISSION FLUID SAMPLING & ANALYS |
| 29535617                        | 2        | MAGNET-FILTER, CIRCULAR                  |
| 29536848                        | 2        | WASHER-FLAT, SEALING, ID                 |
| 24235861                        | 2        | SEAL-SELECTOR SHAFT                      |
| 29541895                        | 2        | SOLENOID-IN BORE, NORM HIGH, OPEN END, P |
| 29549684                        | 2        | GASKET - PAN, OIL                        |
| 29542824                        | 2        | FILTER-OIL, SUCTION, WELDED              |
| 29536834                        | 2        | SEAL-FILL TUBE                           |
| 29536379                        | 2        | SEAL ASSEMBLY-ENCASED, DOUBLE LIP        |
| 29536833                        | 3        | SOLENOID-IN BORE, NORM LOW, CLOSED END,  |
| 29546972                        | 2        | SWITCH ASSEMBLY-PRESSURE                 |
| 29542692                        | 2        | DETENT ASSEMBLY-SWITCH, MODE 01-841      |
| 29546682                        | 2        | SEAL ASSEMBLY-ENCASED, WIPER, INPUT      |
| 29542697                        | 1        | SCREW - M5 x 20 SOC HD CAP               |
| 29541896                        | 1        | SOLENOID-IN BORE, NORM LOW, OPEN END, PC |
| 29541898                        | 1        | SOLENOID-IN BORE, NORM LOW, CLOSED END,  |
| 29561637                        | 1        | GASKET-COVER, PTO , MAIN CASE            |
| 29545308                        | 1        | HARNESS-WIRING, INTERNAL, 24W            |
| 29543334                        | 1        | HARNESS ASSEMBLY-INTERNAL, 24W           |
| 29555896                        | 10       | SEAL-FACE                                |
| 29531049                        | 8        | PLATE-C3/C4 CL FR                        |
| 29546276                        | 7        | PLATE-FRICTION                           |
| 29530314                        | 7        | PLATE-REACTION, C1                       |
| 29538469                        | 6        | PLATE-FRICTION                           |
| 29538468                        | 6        | PLATE-FRICTION                           |
| 29537393                        | 6        | PLATE-FRICTION, C5                       |
| 29546701                        | 6        | PLATE-REACTION, C3/C4                    |
| 29546596                        | 1        | BUSHING-BRONZE, SHAFT                    |
| 29547606                        | 1        | KIT-SEAL & GASKET                        |
